Begin at blessing.org/short-dated-medicines/ Select the blue button to access Short Dated Products catalog which allows a preview of items, quantities, discounted prices, etc.

The screenshot shows the Blessings International website with a navigation bar at the top. The navigation bar includes the logo on the left and links for Home, About, World Impact, Resources (highlighted with a red box), Blog, and Contact. There are also buttons for ORDER and DONATE, and a search icon. The main content area features a large banner with the text "50% OFF SHORT DATED ITEMS" over a background image of a warehouse. Below the banner, there is a paragraph explaining the promotion: "We have a large variety of products which are nearing their beyond-use dates within the next 2-5 months. Unless we can move these items from our warehouse to those who need them, they will have to be destroyed. To help others with these short-dated items, we're offering a 50% discount off our original price." This is followed by a paragraph stating that all items are eligible for free shipping within the United States. An important note specifies that the 50% discount is only available when using the code "SHORT" at checkout. A blue button labeled "Preview Short-Dated Items" is highlighted with a red box. Below the button, there is a note about beyond-use dates and a contact information footer.
