

Rules of Travel

1. When you arrive at the airport, check in with your leader(s).
2. Anytime we are in an airport or anywhere, your leader will give you information, directions, boarding passes, and passports when you need them. When you receive these, you will be responsible for them. Keep them safe but handy.
3. You must always check with your leader before you leave the group. He or she must know your whereabouts at all times. That means if you go look around, walk, eat, shop, use the restroom, or anywhere away from the team, your leader needs to be informed.
4. You are not to leave the group alone. Please go places with at least one other person. (This policy will be adhered to at all times on this trip, no matter what your age or experience.)
5. When we all follow these simple rules, travel will be easier and more pleasant for everyone.
